

Passport® Production Software EMV Feature Availability and M5/M7 CRIND EMV Kernel/FlexPay 6/ Software Reference Information

Related Equipment:

- Passport® Software V12 and Higher
- M5 CRIND Software (FlexPay II) (PCI2)
- M7 CRIND Software (FlexPay IV) (PCI4/PCI5)
- FlexPay 6 Software (PCI6)
- Wayne iXPay 1 Software
- Wayne iXPay 2 Software

Purpose:

This bulletin provides quick reference information that can be utilized when servicing, installing and/or performing an upgrade of Passport software and Gilbarco CRIND systems at locations utilizing EMV payment transactions.

The information provided will allow you to identify:

- When Passport EMV features were introduced by:
 - Specific Passport Version
 - Payment Network
 - Supported Indoor and Outdoor EMV Capabilities
- CRIND EMV Kernel Version Requirements by:
 - Passport Version
 - Payment Network
 - Dispenser Payment Terminal Type Support
 - M5 CRIND (FlexPay II) (PCI2)
 - M7 CRIND (FlexPay IV) (PCI4/PCI5)
 - FlexPay 6 (PCI6)
 - Wayne iX Pay Terminal
 - Wayne iX Pay 2
- CRIND EMV Contactless Hardware Requirements by:
 - Dispenser Payment Terminal Type Support
 - M5 CRIND (FlexPay II) UX410
 - M7 CRIND (FlexPay IV) UX400
 - Wayne iXPay 1 (Model C150 261EA02)
 - Wayne iXPay 1 (Model C150S_NP 2610FA02)
 - Wayne iXPay 2 (T7/T12 – C150S 2610A02 (PCI4)
 - Wayne iXPay 2 (T7/T12 – C150SE 2610A02 (PCI6)

IMPORTANT INFORMATION

The reference information provided in this document is current at the time of release and is not intended to replace any future notifications of Passport/CRIND software version and/or feature releases. Always refer to applicable MDE documentation for the installation, upgrade and/or serving of Gilbarco products.

IMPORTANT INFORMATION

This bulletin does not serve as authorization to perform any site visits or warranty service

IMPORTANT M7 / WAYNE IX PAY VERSION INFORMATION

If multiple versions are listed, all versions of the software contain the necessary EMV Kernel required by the payment network. It is advised to always load the latest version of software associated with the current version of Passport POS software being loaded. (e.g. Fiserv Generic 23.01 for M7 must have 52.11.53)
